Section 1 – Introduction

This directory provides a list of Brand New Day network providers. To get detailed information about your health care coverage, please see your Evidence of Coverage (EOC).

Use this directory to find Brand New Day network providers for your care needs. Network providers are the doctors and other health care professionals, medical groups, hospitals, and other health care facilities that have an agreement with us to accept our payment and any plan cost sharing as payment in full. We have arranged for these providers to deliver covered services to members in our plan.

You will have to choose one of our network providers listed in this directory to be your Primary Care Provider (PCP). Generally, you must get your health care services from your PCP. Your PCP is a physician who meets State requirements and is trained to give you basic medical care. Your PCP will provide most of your care and will help arrange or coordinate the rest of the covered services you get as a member of our Plan. This includes: x-rays, laboratory tests, therapy, care from doctors who are specialists, hospital admissions, and follow up care.

What if you use out of network providers to get covered services?

It is important to know which providers are with our network because, with limited exceptions, while you are a member of our plan you must use network providers to obtain your medical care and services. The only exceptions are emergencies (including post-stabilization care), urgently needed care when the network is not available (generally when you are out of the area), renal dialysis (kidney), and any services which were ordered covered through an appeals process.

The "network providers" listed in this directory have agreed to provide you with your health care and vision coverage. You may go to any of our network providers listed in this directory; however, some services may require a referral and prior authorization from Brand New Day.

If you have been going to one network provider, you are not required to continue to go to that same provider. Other physicians/providers are available in our network. In some cases, you may get covered services from non-network providers.

Medical groups and Independent Practice Associations

Brand New Day's Network includes providers associated with Independent Practice Associations (IPAs) and Medical Groups. An IPA is a group of physicians under contract to provide services to members. If you select a doctor that belongs to an IPA or medical group as your PCP, you may be required to only use doctors that belong to that IPA or Medical Group for care. Additionally, you may need to obtain prior authorization for care from the IPA or medical group instead of from Brand New Day.

What if you receive a bill from an out-of-network provider?

If an out of network provider sends you a bill for covered services that you think should be paid by our plan, DO NOT pay the bill. Please contact Member Services at 1-866-255-4795. TTY users call 711. We will ask you to send the bill to us so that we can process and determine the amount you owe, if any. If you have already paid for any medical care that we cover, we will reimburse you for our share of the cost.

How to get covered services when you have an emergency?

When you have a "medical emergency," you believe that your health is in serious danger. A medical emergency can include severe pain, a bad injury, a sudden illness, or a medical condition that is quickly getting much worse.

If you have a medical emergency:

- Get help as quickly as possible. Call 911 for help or go to the nearest emergency room or hospital. Call for an ambulance if you need it. You do not need to get approval or a referral first from your PCP.
- As soon as possible, make sure that our plan has been told about your emergency. We need to follow up on your emergency care. You or someone else should call to tell us about your emergency care, usually within 48 hours. Please refer to the information provided on the back of your membership card for specific directions and appropriate phone numbers to call.
- After the emergency is over you are entitled to follow up care to be sure your condition continues to be stable. Your follow up care will be covered by our plan. If your emergency care is provided by out of network providers, we will try to arrange for network providers to take over your care as soon as your medical condition and the circumstances allow.

How to get urgently needed care?

"Urgently needed care" is a non-emergency situation when:

- You need medical care right away because of an illness, injury, or condition that you did not expect or anticipate, but your health is not in serious danger.
- Because of the situation, it isn't reasonable for you to obtain medical care from a network provider.

Whenever possible, you must use our network providers when you are in the plan's service area and you have an urgent need for care. In most situations, if you are in the plan's service area, we will cover urgently needed care only if you get this care from a network provider. If the circumstances are unusual or extraordinary, and network providers are temporarily unavailable or inaccessible, our plan will cover urgently needed care that you get from an out-of-network provider.

You must use network providers except in emergency or urgent care situations or for out-of-area renal dialysis or other services. If you obtain routine care from out of network providers neither Medicare nor Brand New Day will be responsible for the costs.
