Section 1 – Introduction

This directory provides a list of Brand New Day network providers. To get detailed information about your health care coverage, please see your Evidence of Coverage (EOC).

Use this directory to find Brand New Day network providers for your care needs. Network providers are the doctors and other health care professionals, medical groups, hospitals, and other health care facilities that have an agreement with us to accept our payment and any plan cost sharing as payment in full. We have arranged for these providers to deliver covered services to members in our plan.

It is important to know which providers are with our network because, with limited exceptions, while you are a member of our plan you must use network providers to obtain your medical care and services. The only exceptions are emergencies, urgently needed care when the network is not available (generally when you are out of the area), out-of-area dialysis services, and cases in which Brand New Day authorizes use of out-of-network providers.

You will have to choose one of our network providers listed in this directory to be your Primary Care Provider (PCP). Generally, you must get your health care services from your PCP. Your PCP is a physician who meets State requirements and is trained to give you basic medical care. Your PCP will provide most of your care and will help arrange or coordinate the rest of the covered services you get as a member of our Plan. This includes: x-rays, laboratory tests, therapy, care from doctors who are specialists, hospital admissions, and follow up care.

The “network providers” listed in this directory have agreed to provide you with your Health care and vision coverage. You may go to any of our network providers listed in this directory; however, some services may require a referral and prior authorization from Brand New Day.

If you have been going to one network provider, you are not required to continue to go to that same provider. Other physicians/providers are available in our network. In some cases, you may get covered services from non-network providers.

The “network providers” listed in this directory have agreed to provide you with your medical health care, vision and dental services. You may go to any of our network providers listed in this directory; however, some services require a referral and prior authorization from Brand New Day.

If you have been going to one network provider, you are not required to continue to go to that same provider. Other physicians/providers are available in our network. In some cases, you may get covered services from non-network providers.

Medical groups and Independent Practice Associations

Brand New Day’s Network includes providers associated with Independent Practice Associations (IPAs) and Medical Groups. An IPA is a group of physicians under contract to provide services to members. If you select a doctor that belongs to an IPA or medical group as your PCP, you may be required to only use doctors that belong to that IPA or Medical Group for care. Additionally you may need to obtain prior authorization for care from the IPA or medical group instead of from Brand New Day.

You must use network providers except in emergency or urgent care situations. If you obtain routine care from out-of-network providers, neither Medicare nor Brand New Day will be responsible for the costs.

If you receive a bill from an out-of-network provider that gave you emergent or urgent care (or out of area renal dialysis, do not pay the bill. Submit the bill to Brand New Day for review.
